

## DuPuis Management Area Touring and Bicycling

DuPuis is open for general public recreational use 24 hours a day, anytime there is not a scheduled hunt. Overnight Camping is available in designated campsites.

There are four public entrances into DuPuis. The first, "Gate 1," which is at the east end of the property, is for vehicles. There is no fee for people to enjoy this natural beauty.

You can proceed on the shell-rock road, called "Jim Lake Grade," which runs east/west to the "DuPuis Grade," which runs north/south, for the most part. Together, these two roads extend 7 1/2 miles to the fishing pier at the end of the DuPuis Grade. At the point where Jim Lake Grade meets with DuPuis Grade (about 3 miles from Gate 1), you can park and picnic. There is a footbridge to a small island which has a picnic table under the oaks and views of a pond. You might consider riding your bike from there down the DuPuis Grade to the fishing pier which, round trip from the picnic area, is about 9 miles.

Please stay on named and numbered roads when bicycling.

***Remember to bring trash bags with you to pack and take out all garbage.***
